Subject: Hag Pesach Samea'ch

Dear Yakov
Hag Samea'ch to you and you whole Family.
May it be a good year for Renova as well (a Jewish company after all).

During the Pesach, I will send you copies of several investment ideas I shared first with Andy and John Deutch. The reason is that most of them are of scientific and technology nature, where I feel John Deutch might have an edge over most of us as a first reviewer.

Best and thanks
Ehud Barak
